“There are no words to describe the immense value of contact with my peers. ANCA has given me tremendous respect for my peers across the country. It has been an honor and privilege to work with such dedicated, caring, and talented individuals. To interact with executive directors who exhibit high intensity, hold strong beliefs, and articulate clear vision for what we are doing at our respective centers, is a reflection of why we are in the business. ANCA is professional development in the highest sense of the word.”
